## FROM THE PRINCIPAL'S DESK

**Prof. (Dr.) Arjun Prasad Singh**  
Principal  
A. M. College, Gaya

The most important message of the Gita is that one should do one's duty in a spirit of absolute commitment and passion. Only that nation prospers and progresses whose citizens do their respective duties with utmost of devotion and dedication. I believe, boundless zeal, meticulous planning, precision in implementation and faith in God Almighty are the secrets that have immensely contributed in fructification of an arduous task of establishing the first ever B. Ed. Unit in a constituent College of Magadh University, the largest university of Bihar. It has indeed been a long journey through its share of obstacles and temporary setbacks but the exceptional

moral support and inspiring tutelage of many luminaries of the academic fraternity made it possible to achieve this great feat and I am immensely elated to announce the official inception of A. M. B. Ed. College, Gaya, which would be formally inaugurated by the honourable Governor of Kerala, Shri Nikhil Kumar, who also laid down the foundation stone of the college in his capacity as the Governor of Nagaland. I wish to express my gratitude towards every individual who has contributed his valuable share in transforming this vision into reality. With over two decades of experience as a Principal, I am at that juncture of life where my sense of duty and passion towards work keeps me motivated more than ever. I believe that through contributing towards our nation's younger generation of students who are extremely competent, vibrant and capable, we can achieve the ambitious goal of making India a developed nation. At A. M. B. Ed. College, We have made a humble beginning in imparting regular professional B. Ed. course to our students. I hope in many more years to come, the A. M. B. Ed. College, Gaya will continue its rich legacy of setting newer benchmarks in the world of academics and live up to the ideals of our founding fathers.

M. A., Ph. D., D. Litt  
Director  
A. M. B. Ed. College, Gaya

It is an honour and a privilege to be the Director of A. M. B. Ed. College, the institute named after Bihar Vibhuti Dr. Anugrah Narayan Singh, one of the architects of modern Bihar. It stands for excellence and continuously sets the highest standards. The importance of education in the life of an individual cannot be overstated. It shapes individuals in their formative year and imbues them with values that would govern all their choices in life. Education empowers students to discover themselves – who they are as people. Over the years in professorship, I have witnessed in our student an unparalleled knowledge base, a vibrant dynamism, an acute consciousness about the world around them, a focused ambition and a sustained commitment. India is going through very interesting and challenging times both economically and socially. This gives us vantage point that is most exciting for any researcher today – new assumptions, new questions, new theoretical constructs to explain many phenomena. Our

Country is creating its own new grounds of global learning and practice out of its own diversity, complexity and philosophy. India's engagement with the world is dynamic and constantly evolving.

Our B. Ed. programme is competitive to enter, challenging to go through and cutting-edge on relevance and rigour. Our models for issues of growth are development-oriented. I am also fortunate to have an experienced and committed team, which has brought the Faculty of B. Ed. to its present stature. I, along with my team of silent workers and dedicated faculty, intend to build on this strong foundation and raise the standards in all spheres, to the zenith.

My aim is not only to be an able administrator but also to be a friend, philosopher and guide to students one whom they can count on and trust at all times. I am optimistic that all of you will undertake various Co-curricular activities which sharpens your personality, managerial and inter-personal skills.

Bihar is a densely populated state with a population of over 9 crore, having a low literacy rate in comparison to other states. As such, it is essential that Bihar makes on all out efforts to leap forward in spreading education and improving its performance on the literacy front. The State has now; about 2700 high schools, including 10+2 schools and 14 state run Universities. Every year, over 6 lakh students appear at the Secondary School Examination and nearly 70 percent of them get through. However, not all of them can get accommodated for higher education in institutions of conventional learning. Therefore, the system of education in distance mode has to play a major role in meeting the aspirations of such group of students, who are denied admission in conventional institutions.
