In Memoriam

Smt Sundarbai &
Shri Shankarlal Srisrimal

Shri Shankarlal Srisrimal shifted to Chennai, from Maharashtra, in 1935. Originally belonging to Rajasthan, he started his business here and was soon occupied in a number of social and community activities. One such activity was to take care of the students residing at the boarding home which was built on the site of the existing college campus.

In 2003, Sri S S Jain Educational Society mooted an idea to build a college on this property. The Shasun Family came forward and contributed for the fulfillment of their parents dream - building an educational edifice for young women. Hence, the college was born and named after them in the year 2005 - Shri Shankarlal Sundarbai Shasun Jain College for Women.

नवकार मंत्र

नमो अरिहंताणं

नमो सिद्धाणं

नमो आयरियाणं

नमो उवज्झायाणं

नमो लोए सव्वसाहूणं

ऐसो पंच नमोक्कारो सव्व पावप्पणासणो

मंगलाणं च सव्वेसिं, पढमं हवई मंगलं

The Namokar Mantra is chanted in Prakrit - the language in which it was composed many centuries ago. It consists of just five lines of text and two appended lines:

Namo Arihantanam - नमो अरिहंताणं

(I bow to the Arihantas, the Jinas, the perfected human beings)

Namo Siddhanam - नमो सिद्धाणं

(I bow to Siddhas, the liberated bodiless souls)

Namo Ayariyanam - नमो आयरियाणं

(I bow to the Acharyas, the leaders of the Jaina congregation)

Namo Uvajjhayanam - नमो उवज्झायाणं

(I bow to the Upadhyayas, the spiritual teachers)

Namo Loe Savva Sahunam - नमो लोए सव्वसाहूणं

(I bow to all the Sadhus & Sadhvis (ascetics) in the world)

ऐसो पंच नमोक्कारो सव्व पावप्पणासणो मंगलाणं च सव्वेसिं, पढमं हवई मंगलं

Eso Pancha namokaro savva pavappanasano Mangalanamcha savvesim
padhamam havai mangalam.

(This five-fold obeisance mantra destroys all sins and obstacles,
and of all auspicious recitations, it is first and foremost)

A view of Liberal Education for the prospective students

Liberal education lasts for a lifetime. It will not leave you after your final exam. Nor will it disappear after your final thesis. Instead, liberal education such as science, humanities or fine- and -performing arts will grow tall and strong with each passing day of your life. You can be assured that even in despairing times your education will stand by you. That is the distinctive mark of liberal education.

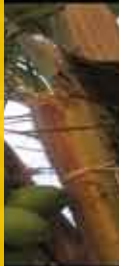

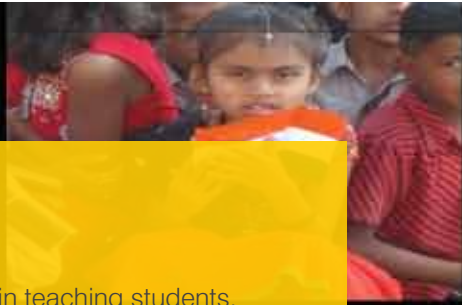

At the outset, it is worth mentioning that liberal education comprises the accumulation of general knowledge and a development of student's intellect. Furthermore, the emotional and ethical intelligence are recognized today as important components of what was narrowly called 'IQ', confined only to the rational faculty.

Pedagogy

We at SLE believe in teaching students,
not in teaching a subject

Highlights of our methodology:

- Interactive lecture sessions
- Group discussions
- Experiments linked to classroom teaching
- Student participation in developing models
- Computer simulation
- Case studies related to local and relevant contemporary issues
- Mentored reading
- Screenings of films, videos and plays
- Study visits to places of interest

India Unbound

India Unbound is the program which enlightens the student about the country, beyond the knowledge that they garner on a day-to-day basis. This unique program is designed to enable students to learn about the heritage and the culture of the country. It is meant to inculcate the principles of research methodology in the students and empower them to look at and analyze their own history and heritage scientifically.

Each project would be expected to contain deliverables in text and audiovisual form which would contribute to the SLE's research archives.

Social Connect

Social Connect Activities provide a framework to the students to understand the importance of Social Work and NGO's in our society. It also focuses on pressing issues in the country and the entire world which a student needs to understand for his/her holistic development.

The courses focus mainly on NGO's. Students learn the concept of why the Social Work is important, History of Social Work, Benefits of a Social Organization and How did it evolve? How can people get involved and Funding - Generation of Funds, Staffing etc.

Exploration in Life Space, Life Roles & Identity (ELRI)

ELRI lab facilitates to explore the individual's life experiences from childhood to adolescence to the present and discover that there are multiple meanings to the experiences at each stage.

The aim is to discover freedom from the bondage of past experiences and to find their relevance and relate to the world. As such, the ELRI focuses on societal values and the family socialization.
