Key Plan

Sheth Shri Kasturbhai Lalbhai

Established in June 1948, Lalbhai Dalpatbhai College of Engineering was the first engineering college to be set up in Gujarat. It was set up by a generous donation of Rs. 25 lacs and 31.2 hectares of land by Shri Kasturbhai Lalbhai, a wealthy textile magnate and hence the name.

The institute was affiliated to the Gujarat University and has come under the Gujarat Technological University since 2008. It is administered by the Department of Technical Education, Gujarat. The college campus consists of buildings for different departments, offices, hostels and residences for the Principal, rector and wardens. It is favourably located at the nucleus of various national level institutes such as PRL, ATIRA, ISRO, IIM, KCG, etc. and is just opposite the Gujarat University building. The area nearby has all the facilities for those residing in the hostel.

***“ Education is a companion, which no future can depress,
no crime can destroy, no enemy can alienate it and
no nepotism can enslave. ”***

My Dear students,

At the outset of the orientation program of the new academic calendar from the year 2017, I extend a warm and a wholehearted welcome to all budding engineers and congratulate all of you for lucky enough to get admitted in the premier institute of the state- L.D. College of Engineering, Ahmedabad.

LDCE is pioneer in the field of the technical education since its inception in the year 1948. It started with Civil, Electrical, and Mechanical engineering but now the total UG courses are 14 and 17 PG courses. The students from more than 10 different south Asian countries are also admitted under ICCR who act as an messenger to spread the knowledge at international level. It imparts the education that ensures its students to be technically skilled enough to meet the current and future demands of the industry and nation. Our institute has always strived not only to inculcate spirit of professional excellence amongst its student but also towards cultivating higher human values so as to direct their technical knowledge and expertise not only for their personal growth but also for the development of their fellow human beings and society through IGNITE.

The Institute has always believed in spreading the nation of altruism and always strived to inculcate the attributes of philanthropy that can make any modern day Prometheus proud of the students studying in our institute. We realize our responsibility in shaping up the future of the society and hence apart from imparting excellent education, we also endeavor to create social and health awareness by activities under the banner of NSS, NCC such as blood donation, tree plantation, stem cell donation, Social engineering, educating slum dwellers etc. The institute provides an excellent infrastructure with smart classrooms, well-equipped laboratories, library with e-journals and e-books and AC seminar Halls in each department. We have a vast and experienced faculty in our mission of providing relevant and quality education and for the over-all development of each and every student of the college. Also we have an excellent sports facility to keep you fit and healthy in form of indoor badminton court, Tennis court, cricket ground, volley ball ground, Table tennis and Basket ball. The students coming from far off distance are provided hostel facility on the basis of merit as per the vacancy available.

I am confident that you will spend the four years of life in the institute without missing a single class, laboratories and workshop. India needs good technologists in all the different fields of engineering. Let's work together to realize your dreams for your growth and achievements. I assure you that the institute will help you to realize your dreams. My best wishes for a great voyage at LDCE to emerge out to be a great technologist to serve the nation in the best possible manner.

with best wishes for fruitful stay in the institute,

Prof. (Dr.) G. P. Vadodaria
L.D.C.E., Ahmedabad

VISION:

L. D. College of Engineering should be known for excellence in engineering education and should be the first choice of all students, the society and for the industries where quality is the way of life.

MISSION:

To deliver technical programs and services that meet the changing need of the society and the industry and to there-by contribute to the overall techno-economical development of the State in particular and the Nation in general and improve the quality of life of the community.

GOALS:

- To enhance learning facilities for students.
- To augment Institute-Industry interaction.
- To promote programs for development of the staff.
- To facilitate the faculty in achieving higher qualification.

CORE VALUES:

Our core values are commitment, quality and integrity.

**PROGRAMMES OFFERED AND ITS INTAKE (FULL TIME)**

POST GRADUATE (2 YEARS)	
Applied Instrumentation	18
CAD/CAM	18
Communication System Engineering	36
Computer Aided Process Design	18
Computer Engineering	18
Cryogenic Engineering	15
Environmental Management	18
Geotechnical Engineering	18
I.C. & Automobile Engineering	18
Information Technology	18
Master of Computer Application	30
Power system	36
Rubber Technology	18
Textile Technology	18
Transportation Engineering	18
Structural Engineering	25
Water Resources Management	25

GRADUATE (4 YEARS)	
Automobile Engineering	60
Biomedical Engineering	60
Chemical Engineering	60
Civil Engineering	120
Computer Engineering	120
Electrical Engineering	120
Electronics and communication Engineering	120
Environment Engineering	60
Information Technology	120
Instrumentation & Control Engineering	60
Mechanical Engineering	120
Plastic Technology	30
Rubber Technology	30
Textile Technology	60

PART TIME

PART TIME GRADUATE	
Civil Engineering	120
Electrical Engineering	120
Electronics and Communication Engineering	120
Mechanical Engineering	120

PRINCIPAL

Campus

The campus is sprawling in 59.25 acre land. Various departments are situated in 10 academic blocks of laboratories and classrooms, 8 hostels and one annexe building. Built up area of this beautiful campus is 64565 square meter.

Laboratories

In addition to their utility for the practical and projects of the students, laboratories also cater for industrial testing in diverse fields. Each department in the college has a modern, fully equipped laboratory for the U.G. as well as P.G. programmes. Most of the laboratories here are well recognized for testing and standardization by different organizations. Various laboratories of the institute are continuously upgraded and new laboratories are established with the help of Central Govt. and other assistance.

Workshop

The Workshop in the college is fully equipped to acquaint the students with basic operations of manufacturing and production. It is also equipped with a CNC machine, an Electro-discharge machine and the latest metallurgical instruments.

Computing and Internet

All departments of the college have dedicated computer labs with required software and resources. Every department also has computerized teaching resources and internet based study materials. About 1000 PCs are networked in college with internet facilities available for students and faculties. The whole campus is Wi-Fi equipped.

Library

The library is the largest of its kind in the state with about 84669 books which include 80 periodicals(65 national and 15 international), and 7530 books of the book service center. It has the latest collection of reference books, handbooks, encyclopedias and Indian Standards. The digitization of books of the library has been of great help to the students. It also has a vast collection of e-books(1326) and e-journals(480) to be accessed through intranet. In addition to this, each department has its own library for ready reference. Extra reading facility from early morning to evening is arranged during exam preparation time. Library has its own photocopy-machine in service of the students and staff members.

Student's Section

This section looks after the admission, registration, students' records, mid-semester and university examinations, scholarships, concessions, issue of identity cards and certificates such as bonafide, transcripts, provisional passing, Rank etc. This section is now fully computerized for more efficiency.

Student's Store

To meet with the requirements of necessary stationeries, calculators, boiler suits, tools and instruments at reasonable rate, a cooperative student store exists in the campus.

Training And Placement Cell

The institute maintains separate T&P cell to facilitate the students for the placement activities. This cell also provides training to the students in communication skills, personality development, aptitude, computing skills etc. The placement cell is headed by the placement officer and supported by student co-ordinators. It maintains record of placements from among the students who register for placements and are eligible. Job fairs are arranged by the cell for the left-out students. Industrial visits and training are organized for the students to get practical exposure. The annual package offered ranges from Rs. 3 to Rs. 10 lacs.

List of companies for year 2016-2017: L&T, Linde, Infosys, Reliance Industries, TCS, IBM, Bombardier Transport, Essar, Tata Power, Mahindra And Mahindra, Godrej & Boyce, FORD, Torrent Power, Cybage Softwares, GHCL, Congnizant, ABB, GSFC, GNFC, Cairn India, JBF RAK LLC, GSPC, AMW, Reliance Textile, LNJ Bhilwara Group, Hi-Tech, Hitachi Hirel, Tech Mahindra, Torrent Pharma, L&T Infotech, E-Clinical, Kalpataru Power, BASF, Windsor, Bayer, etc.

Gymkhana

It is a body which prepares an action plan for the students who wish to be a part of the gymkhana activities such as indoor and outdoor sports activities, cultural activities, debate, social gathering etc. Gymkhana also provides monetary support for all these activities.

Canteen

Canteen provides excellent and different kinds of food at reasonable rates for the students and staff to enjoy quick refreshments during break within college premises. Snacks, lunch and cold drinks are available during working hours.

Hostel

The hostel facility is located in the college premises itself and it consists of 6 blocks providing accommodation to 787 students. It is administered by rector and six wardens. There are three messes in the hostel which are managed by students themselves. Many newspapers and magazines are subscribed for hostel library. Entertainment facilities like TV. room, badminton room, and gymnasium are also available for the hostelites. Heaters and Water coolers are provided at each block. University Health Center takes care after the health of the hostelites. Two new hostel buildings are recently constructed; one for 250 post graduate boys and other for 146 girl students.

Hostel Wardens

Block A	Prof.(Dr.) M. V. Shah	Block C	Prof. P. R. Patel	Block G	Prof. Zenifar Parekh
Block B	Prof. S. R. Shah	Block D	Prof. A. G. Hansora	Block H	Prof. B. B. Panchal

Centre of Excellence (CoE) – Siemens

Government of Gujarat has sanctioned to establish Siemens Center of Excellence in Aerospace & Defense at L.D. College of Engineering, Ahmedabad and Memorandum of Understanding has been signed between the government of Gujarat and Siemens in Presence of Hon'ble Chief Minister at Mahatma Mandir, Gandhinagar on 11/09/2013. Centre of Excellence - Siemens has been established at L. D. College of Engineering, Ahmedabad as per MOU between

- Industries Commissionerate, Govt. of Gujarat,
- Siemens Industry Software (INDIA) Pvt Ltd.,
- DesignTech Systems Ltd. and
- L. D. College of Engineering, Ahmedabad

Major Courses Offered in CoE

- Essentials for NX Designers
- Mechanical Freeform Modeling
- Advanced Simulation Process
- Thermal and Flow analysis
- Introduction to Dynamic Analysis with NX
- Fixed Axis and Multi-Axis Milling
- Process Simulate Advanced Robotics Simulation
- Basic of Process Instrumentation
- SIMATIC PCS 7 Basics
- Basics of PLC and SCADA
- Basic Course on Ac - Dc Drives
- Basic Power Systems
- Low Voltage Switch gear
- Basics of CNC machines
- NC- Numerical control programming

Laboratories in CoE

- Product Design and validation Laboratory
- Advance Manufacturing Laboratory
- MGMT Laboratory
- CIM Simulation Laboratory
- Automation Laboratory
- Process Instrumentation Laboratory
- Electrical Laboratory
- Rapid Prototyping Laboratory
- Mechatronics Laboratory

CoE also offers courses for

electrical engineering department as follows:

- Basics of Induction Motor
- Basics of AC and DC Drives
- Low Voltage Switchgear
- Basics of Power System

The equipments for the games such as cricket, hockey, chess, badminton, table-tennis, volleyball etc. are with Sports committee of the college for the utilization of the same during various sport's event.

FACILITY	LOCATION
Cricket ground	At right hand side from the main entry walk-way
Tennis- court	Besides LDCE canteen and opp to hostel block B
Badminton Hall	Besides the mess hall and behide the hostle block B
Table Tennis	02 tables at first floor above the canteen and 01 table at girl's hostel block G
Volleyball ground	02 volleyball ground with nets opp to chemical department and 03 more grounds respectively behind hostel blocks A, B & D
Volleyball cum Badminton cum Lawn Tennis poles	In girl's hostel compound
Basketball Assembly	01 at the corner of cricket ground, right hand side from the main entry gate and 01 at the girl's hostel compound
Kho-Kho Poles	In cricket ground in front of stage
Football Assembly	Football assembly including 02 goal posts on each side of the ground

L. D. C. E.

The institute has established a close and continuing inter action with industries and industrial associations and it has separate Industry-Institute- Interaction cell. During the academic year expert lectures and talks, seminars, training programs and conferences on various topics are being arranged by different departments of this college. All the departments also arrange industrial visits for UG and PG students. Every year through research activities more than 150 research papers are published by students and faculties at National and International level. Institute admits some engineering professionals of industries, research institutes and other academic institutes to post graduate programmes as sponsored full time candidate.

The institute has developed and maintained collaboration with various industries by offering consultancies and testing services. Most of the departments undertake consultancy & testing projects in diverse field. Civil engineering department undertakes projects related to transportation engineering, environmental engineering, air pollution, waste treatment plants, cooling towers, irrigation, water resources etc. Mechanical engineering department takes projects related to machine design, machine vibration, fabrication and testing, energy savings & conservation. Electrical department offers service in testing of various electrical equipments and motors. Applied Mechanics department is offering service in testing and consultancy related to structural analysis and design, subsoil exploration, load testing of structures, investigation and assessment of structural failures, software development etc. Chemical engineering, Rubber & Plastic technology department undertakes projects in the field of chemical and petroleum products, plastics, rubber and other polymers, pollution control plants, design, simulation etc. Textile department undertakes computerised fabric design for textile industries. Environmental engineering department is actively involved in various field related activities and offers consultancy services in the area of water and waste treatment, air-pollution control, solid waste management and environmental audit. They have well established environmental engineering laboratory for analyzing water, wastewater, sludge, soil and cement samples. It is also taking a lead role in the research related activities. The Institute has signed more than 50 MoUs with different industries with aim to provide better industrial and practical exposure to the students.

Anti-ragging

The Anti-Ragging committee and squad is constituted as per the guidelines of the UGC to curb the menace of ragging in the campus. The student's representative is also included in the committee so that complaints may also be addressed to him. The committee meets every month to hear any such complaints if received to the institute. The committee is under the guidance of Prof. R.J. Jani. In case of an emergency, one can contact him at Room no. 616. Every student has to file e-affidavit of Anti-Ragging by visiting www.amanmovement.org/form link after getting enrolment no. from GTU.

After filling and submitting it the generated pdf will be redirected to your email-id. Take the print out and duly signed by the student and his/her parent and the same is to be submitted to respective department at the earliest.

For anti-ragging committee and Anti-ragging squad members' details, mobile no. and email-id have been displayed on www.ldce.ac.in

Anti-sexual harassment committee

As per the gazette of Ministry of law and justice, Government of India, dated 23-04-2013, a committee has been formulated to prevent sexual harassment of female faculty members and students. In case of any unwanted mishap of sexual harassment, female student should contact following committee members.

Anti-sexual Harassment Committee			
Sr. No.	Name of Officer	Department	Post
1	Prof. Usha Neelkantan	EC	Chair Person
2	Prof. Shreya Mehta	Mechanical	Member
3	Ms. Ruzan Khambhata	Social Worker	Member
4	Prof. Janifer Parekh	Electrical	Member

Women Development Cell, LDCE

Woman development cell LDCE works for woman advancement in different area. Numbers of programs and activities, such as on women safety, women health, yoga, advance knowledge and software in technology field, for college girls and faculties have been organized under this umbrella.

The committee members are :

Sr.No	Name	Department	Post
1	Prof. (Dr.) K.G. Dave	Mechanical Engineering	Convener
2	Prof. H.M. Diwanji	Information Technology	Member
3	Prof. P.J. Brambhatt	Electronics and communication	Member
4	Prof. Z.B. Parekh	Electrical Engineering	Member
5	Prof. P.I. Modi	Applied Mechanics	Member
6	Ms. T.G. Barevdiya	Computer Engineering	Member

LDCE Newsletter

'Ldce newsletter' is the quarterly magazine of L.D. College of Engineering. It covers different aspects such as Individual departmental and college activities, achievements and activities of students, staff and faculty members. It also covers publications and presentation of technical papers, consultancy and testing works, participation in seminars, conferences, workshops and STTP. To spread the message regarding technical advancement, hard and soft copy of the LDCE NEWSLETTER is distributed at different educational Institutions and industries in all over India.

The committee for the same is :

Sr.No	Name	Department	Post
1	Dr. K. G. Dave	Mechanical	Editor
2	Prof. D. K. Patel	Mechanical	Member
3	Prof. A. G. Momin	Mechanical	Member
4	Prof. S. S. Gosai	Mechanical	Member
5	Dr. A. B. Dharankar	General(English)	Member

RUSA (Rashtriya Uchchatar Shiksha Abhiyan) is a centrally sponsored scheme launched by the MHRD.

L. D. College of Engineering is a beneficiary of grant under the RUSA scheme (Component 9: Equity Initiative). The main objective of this component is to ensure better participation rate of girl students and SC/ST/OBC students in higher education institutions. This is done by utilizing approved funds to create equal opportunity cell, conducting remedial classes, gender sensitization campaigns, gender counselling and introducing innovative schemes for mentoring the girl child. The Institute has started receiving funds and is on its way to utilize the funds in a manner so that the objectives are satisfactorily fulfilled. During the last year several workshops / seminars and programs were organized for health and fitness, personality development, etc. A book bank has also been established under this scheme. There are several more programs for the benefit of the students in pipeline.

The RUSA committee is as follows:

- Dr. G. P. Vadodaria (Principal & Chairman)**
- Prof. N. V. Sinha (Nodal Officer)**
- Prof. R. N. Desai (Member)**
- Prof. U. L. Makwana (Member)**
- Prof. B. H. Parmar (Member)**

FINISHING SCHOOL

Finishing School is an initiative launched by the Education Department - GoG with an aim to increase the employability quotient of the students. Master Trainers who have a vast experience of the corporate environment impart training to the final year students focusing on Communication - presentation skills, email writing, CV writing, telephonic / skype interviews, attitudes and behaviour, corporate culture and etiquette; Life skills - Time and stress management, Goal Setting and many more skill sets required in day to day operations. A 100 hour module is designed at the end of which the student receives a certificate from the Education Department - GoG. L. D. College of Engineering has successfully completed training for the first batch of Finishing School in March - April 2017.

The committee is as follows:

- Dr. G. P. Vadodaria (Principal & Chairman)**
- Prof. N. V. Sinha (Nodal Officer)**
- Prof. V. P. Patel (Member)**
- Prof. P. K. Patel (Member)**

Admission

Admission to all the programmes is executed and followed by the state government rules. The reservation of seats follows the state government rules. Admission to the U.G. programmes is based on the combined score of the HSCE & the JEE Main. All the admission procedures have been made online from the year 2009 onwards, and conducted by the Admission Committee for professional Courses. Guidance for the admission related matters can be sought from its website: www.jacpcidce.ac.in There are certain seats allotted for admission to first year earmarked for Government of India nominees.

PG admissions are mainly based on GATE score or PG CET examination for which nationwide advertisement is given in leading newspapers in June/July every year. Only GATE students are eligible for stipend. MCA admission is based on centralized entrance test. Admissions to PG programme (ME) is conducted through ACPC from year 2009 and it is now centralized for all colleges of the state. Curriculum is also revised under GTU and is implemented from year 2009. For part-time course the admission is governed at the institute level as per state government rules.

Students and Scholarships

The institute has total student strength of about 5000 students both full-time and part-time. They range from fresh HSCE students to in-service engineers. Students come from all over Gujarat as well as other states and countries. Students cultivate a close relationship among themselves while participating in activities like sports, cultural programs, debates, industrial visits, etc. They avail a number of scholarships (worth approx. Rs. 16 lakhs) every year by the State Government, Central Government, Gujarat University and by the Private Trusts while studying in the college. The S.C., S.T., S.E.B.C. and other deserving candidates are benefitted by scholarships and waive of tuition fees, examination fees etc.

Evaluation System

Marks	Grade	SPI Credits
85-100	AA	10
75-84	AB	9
65-74	BB	8
55-64	BC	7
45-54	CC	6
40-44	CD	5
35-39	DD	4
<35	FF	0

How CPI (cumulative performance index) is Calculated?

Similarly CPI (Cumulative Performance Index) will be calculated by same formula, but for the sum of being over all the courses taken in current and preceding semester. However, in calculating CPI, any fail grade which the student might have earned but has subsequently passed will be replaced by passing grade in the subject.

The SPI of the corresponding semester will however continue to reflect such failures and will not be recalculated. Class and Distinction etc. will be awarded for the degree on the bases of CPI.

Term work

The term work shall comprise of work carried out in the laboratory where practicals would be conducted and/or solving tutorial exercises. The student is supposed to carry out the term work regularly, record it in a rough note or workbook during laboratory hours and get it evaluated continuously so as to avoid accumulation of work. This work is to be documented regularly in the journal in a report form. Satisfactory completion and submission of the term work latest by the last day of the concerned term is a prerequisite for appearing in the university examination. A candidate who has been detained or has failed in any term-work shall have to repeat the concerned year or semester as the case may be and will not be allowed for the next higher semester.

Attendance

Evidently, in a professional course, the student cannot rely totally upon self learning. One has to attend classes regularly in order to learn the subjects systematically, as well as perform practical in order to observe and learn the principles related to the course. Thus attendance is an important aspect of an engineering institution. As per the university rules, during the term, students are supposed to have at least 75% presence in lectures and laboratory sessions in individual subjects. There is a relaxation of 10% on medical ground and a medical certificate is to be produced within a week after resuming, for the same.

The students who fail to fulfill the above criteria of attendance may not be allowed to submit their term work and may not be permitted to appear in the university examination.

Faculty

The institute has well qualified and experienced faculty with expertise in various fields of technical education. It has about 250 teaching-staff members for the diverse disciplines of education such as Civil, Mechanical, Metallurgy, Electrical, Electronics, Instrumentation and Control, Computer, Applied Mechanics, Information Technology, Chemical, Textile Technology, Rubber Technology, Plastic Technology, Chemistry, Environment, Geology, Mathematics, Humanities and Biomedical.

Besides their immediate commitment to undergraduate education, they are also actively involved with the industries through helping the students in testing, consultancy, training and in education and research programs.

Counseling

In case of difficulties, the students are advised to contact their subject teachers as well the HODs who would always be willing to assist. Moreover, the Professor in charge of the counseling and the Principal would be ready to offer guidance and counseling.

Cutoff Comparisons (Round 1- General Category):

Sr. No.	Branch	Academic Year 2015-16		Academic Year 2016-17		Academic Year 2017-18	
		First Rank	Last Rank	First Rank	Last Rank	First Rank	Last Rank
1	Automobile	487	3137	981	2020	1342	4151
2	Bio Medical	2508	8138	2412	7546	2856	8093

13	Rubber Tech.	4771	8284	2768	3286	3249	7631
14	Textile Tech.	2305	11165	1455	12114	6499	13056

Important Notices:

The student getting admission should go through the brochure thoroughly and strictly follow all the rules and regulations.

- (1) Identity Card: Identity of a student and his/her association with the institute is reflected through his/her identity card. Hence, it is an essential document that a student must carry with him/her during and after the college hours. The identity card helps the student to avail the facility of library, gymkhana etc. A student found without his/her identity card will be fined.
- (2) Notice Board: Day to day, useful information is displayed on Students Section notice board.
- (3) Enrollment with the GTU and Receipts: Students are advised to enroll themselves with the GTU without fail, for which information will be displayed on notice board. Each student should get a photo copy of the receipts of the tuition fee and examination fee for producing railway and bus concession, and during examination.

Enrollment Formation:

AA-BBB-CC-DD-XXX.

The first two letters shows the year in which you have got admission in gtu. For 2017 it shows 17 and so on.

Then BBB shows your college code. For example our college L.D.C.E., college code is 028.

Then CC shows your discipline e.g. B.E., B.PHARM., BCA, MBA, MCA, DIPL. PHARM., etc. For B.E. it is 01.

Then DD shows your stream e.g. mechanical, ec, it, electrical etc. it is called branch code. For information technology engineering it is 16.

And the last three digits XXX shows your number according to merit in your college particularly in your classroom. For ex. 013.

- (4) The information given in this brochure is subject to changes from time to time and it is only for guidance and college authority is legally not bound.

The teaching, examination scheme and syllabi are available on www.gtu.ac.in

MANDATORY ADDITIONAL REQUIREMENT FOR EARNING B.E. DEGREE

Globally, engineering education systems have continuously evolved in order to address the needs of the industry and the society. It is becoming imperative that every Institute should create opportunities for the students to inculcate attributes, which are not restricted only to engineering knowledge and acumen. Industry needs professionals who can work successfully in teams, who have leadership qualities, who are alive to social and community needs and who can bring innovation and creativity to their work. Hence, in order to prepare its students to match these multifarious requirements, GTU has created a unique mechanism of awarding 100 Activity Points over and above the academic grades. It is envisaged that the students will be able to reap benefits from these activities at their own pace and comfort. It is expected that by the time students reach their Final Year, they would have developed themselves so well both through their studies in the respective technological field and through their active participation in the co-curricular and extra-curricular activities that they would be well-prepared for contributing to building the India and the world of their dreams.

As per Circular **GTU/Academic/2015/7681, dated 21/07/2015**, every regular student, who is admitted to the 4 years B.E. program from the academic year 2015-16 onwards, is required to earn 100 Activity Points in addition to the required academic grades, for getting GTU's B.E. degree. These points can be earned on the basis of active participation in co-curricular and extracurricular activities spanning through all the semesters of study. Every student may choose, as per his/ her liking, activities in order to achieve the mandatory points (as per Table-II, depending on his/ her entry level), before becoming eligible for award of the Degree.

Following points shall be taken care by all students.

1. Every student has to produce documentary proof to the designated Faculty Member appointed by the Head of Department / Principal / Director in the respective college. These activities can be spread over the years, as per convenience of the student.
2. A student's result of his/ her Final Examinations will be withheld until s/he completes the minimum Activity Points by the end of his/her B.E. Program.
3. In every semester, student is required to prepare a file containing documentary proofs of activities, done by him/ her. This file will be duly verified and Activity Points will be assigned by a Board of two Examiners to be appointed by the University, at the end of every Semester, after conducting the Viva Examination. The Activity Points of every student will be entered into the Online Point Entry System.
4. Absenteeism at the Viva examination for Activity Points at the end-semester examination will lead to zero accretion to the Activity Points, earned by the student.
5. Every student has to earn at-least 100 activity points. The points students has earned will be reflected in the student's transcript.
6. There will be neither grades/ marks for these points nor will there be any effect on SPI/CPI/CGPA.

Refer this link for 100 Activity Point: http://files.gtu.ac.in/circulars/15DEC/16122015_01.pdf

For FAQ's: http://files.gtu.ac.in/circulars/16Jun/13062016_11.pdf

END SEMESTER THEORY EXAMINATION BY GTU (70 MARKS):

External Examination is conducted by GTU.

It's a 70 marks Examination.

Rules for same are explained in the next section.

PROGRESSIVE ASSESSMENT (MID SEMESTER EXAMINATION) (30 MARKS):

Mid Semester Examination is conducted by College.

It's a 30 marks Examination.

A remedial exam is also conducted.

END SEMESTER PRACTICAL EXAMINATION/VIVA BY GTU (30 MARKS):

At the end of the semester external viva is conducted by GTU.

External examiner appointed by GTU evaluates the students on the basis of their academic team work, practical conducted and their performance during the viva.

It consists of 30 marks.

PROGRESSIVE ASSESSMENT (INTERNAL COMPONENT) (20 MARKS):

Continuous evaluation is done and the process is carried out during the semester.

This is an internal component evaluated by the college.

The continuous evaluation is calculated on the basis of assignments and practical assessment during their academic term.

GTU EXAM RULES

-) Students should ensure that any objectionable material leading to UFM case is not lying around his/her seat prior to start of examination and it will be the sole responsibility of the students to inform the supervisor.
-) A candidate has to first paste barcode at the appropriate place on the front page of the answer book.
-) Enter your enrolment no., subject code, date of exam and tick appropriate exam at appropriate location.
-) Do not write your name or number or any sign in the answer book which reveals your identity.
-) Write relevant answer of the question in a clear and legible handwriting on both sides of the answer book.
-) Begin a new answer on a separate page.
-) No candidate will be allowed to leave the examination hall after the commencement of examination till 45 minutes and during last 10 minutes of the examination session.
-) Do not write anything in the space provided for marks.
-) Do not leave your seat in any circumstances without the prior permission of the block supervisor.
-) If any objectionable material related to exam or mobile phone or programmable calculator is found with candidate of found exchanging answer book/question paper with other candidate, he/she will be immediately expelled and the final punishment will be imposed once the matter is taken to the authorities.
-) There will be warning bell 10 minutes before the completion of the examination.
-) After warning bell, the candidate will stop writing, tie up the supplementary and he/she will hand over the answer book to the block supervisor before leaving the examination hall.
-) Hollow should be stuck after warning bell on the left hand of the front page of the answer book covering the information filled up by the candidate and the barcode label.
-) A disciplinary action will be taken against the candidate who disobeys the instructions of the block supervisor or misbehaves or violates the code of conduct of examination of Gujarat Technological University.

Vox Populi Club

VOX POPULI CLUB (commonly abbreviated VP Club) is a socio-cultural club of LDCE, which maintains the years old culture of LDCE. It aims to bring out the best in every LDite by organizing myriad events on the campus during every semester. Our aim is to bring LDites together by providing them a platform to learn new things and work for causes, while still having fun. Many events like Orientation, Ice breaking, Streets, Udaan, Days etc are held by VP club for the cause mentioned above. The club is handled by the students of LDCE only. Also the members of the club are provided a platform to enhance their managerial skills and much more. Students can enroll themselves in the club in the recruitment session which is held in even semester every year.

Jaini Patel (President)

Email: vp.club.ldce@gmail.com

Avatar Jaykrushna (Vice President)

Prof. V.A. Adhwaryu (Faculty Co-ordinator)

Vox Populi Magazine

L.D. takes pride in the fact of being the first engineering college in the state to have its own magazine. It is an enormous platform for voracious expressionists. It provides a perfect arena for the students to present their ideas, drawings, paintings or any of their random tidbits in the magazine. By far, it has printed 12 editions and the 13th is fervently awaited.

Any student from LDCE who is keen in content writing, designing or even photography can apply for the recruitment, which is held every year.

Viraj Mavani/ Sayanti Mukherjee (Editor)

Email: vp.ldce@gmail.com

Prof. A. I. Thakkar (Faculty Co-ordinator)

Club ROBOCON LDCE

Robocon is an international event held every year in which colleges from all over the globe participate and try to prove their metal with the custom built robots on a pre-specified theme. The national event is held at "Balewadi- Pune" every year where top colleges like IITs, NITs, BITS and many others participate. The winner of this nation event represents India on the international stage of the global robot saga. Every year new recruits are selected by highly transparent selection procedure. ROBOCON LDCE has performed very well its achievements are best innovative design in 2012, 2nd Runner up in 2015 and qualified for top 15 in 2016.

Kaushal Patel (Team leader)

Email: teamroboconldce@gmail.com

Prof. Mitul Makwana (Faculty Co-ordinator)

GTU Robocon

A platform which gives freedom to students to implement their ideas and at the same time encouraging them to take upcoming field of Robotics as career choice. GTU Robocon Team comprising of 38 students from over 21 different colleges of Gujarat participates in ABU-Robocon Competition wherein we make robots to achieve a certain task. The team believes in having "Unity in Diversity" to get best possible outcome which is beneficial both for team and individuals who are contributing for the same. With fruitful success in two years at national level the team is expanding its horizons and are aiming to train the students and make them participate in more such competition thereby opening window for opportunities for all the future engineers from GTU.

Krutarth Trivedi (Team Leader)

Email: gturobocon@gmail.com

IEEE LDCE

IEEE is the world's largest technical professional organization dedicated to advancing technology for the benefit of humanity. IEEE and its members inspire a global community to innovate for a better tomorrow through its highly-cited publications, conferences, technology standards, and professional and educational activities. It is the trusted "voice" for engineering, computing and technology information around the globe. IEEE has worldwide presence with India coming under its Region 10. IEEE LDCE Student Branch is a student body working for the betterment of students of the college pursuing any subject, technically. It interacts directly with the Gujarat Section Team and organizes workshops and events regularly to spread the tech-culture in college.

Viraj Mavani (Chairperson)

Email: ieee.ldce@gmail.com

Dilip Chaubisa (Vice chairperson)

Prof. Abhay Upadhyay (Branch coordinator)

Literary Desk

For a new awakening of literature inside the students of LD amidst of scientific technologies, we have started the Literary Desk. This platform will help students over their communication skills, reading skills, personality development, and much more. We aim to bring the creativity and imagination of the students to flow out. We organize events like debate, JAM, story-writing, group discussions, book discussion all around the year. We started off with a Group Discussion, which was a complete success as per the reviews of the students.

Alpa Jose/ Sonal Raj/ Zarana Mungra (Head)

Email: literarydesk@gmail.com

Mind Palace

MindPalace is the official quizzing club of LDCE and it aims to nurture the quizzing culture in the college. We organize quizzes on regular intervals in the college and also hold the mega quiz-fest! Our members are the two-time defending champions of Tata Crucible regional round and Sweden-Nobel quiz and we strive to continue this legacy.

Maltray Bhatt/ Aman Goyal/ Shajeev Pillai (Head)

Email: mindpalaceldce@gmail.com

FOSS Club

FOSS programming club LDCE aims to strengthen the weak areas as compared to global students of computer sciences. Activities organized by the club can be broadly organized into Development (Web Development, Open Source, Game/App Development) and programming contests. Lecture series are regularly taken on algorithms, web hijacking, game development and android app development platforms. Vast range of activities including Sessions on competitive programming, Session on Linux drivers, session on cloud computing, Seminar on Microsoft technologies, Session on Python programming and Git-Hub were organized during last year.

Prof. Tushar Champaneria / Prof. Swati Patel (Faculty Co-ordinator)

Email: fossldce@gmail.com

S. A. E. India Collegiate Club LDCE

SAE LDCE Club is a technical platform for engineering students to exercise and polish their Communication and Management skills. SAE LDCE organizes various technical activities like seminars, workshops, industrial visits, events and competitions. Thus providing students to build up technical knowledge. SAE LDCE is purely run by students and is mutually coordinated. The post hierarchy helps the members to execute various responsibilities and tasks. SAE CLUB is basically dedicated to Mechanical and Automobile field students but now it is open to all facilitants.

Chintan Agrawal (President)

Email: ldce.saeclub@gmail.com

Ketan Bhavsar (Vice President)

Prof. Sulay Patel (Faculty Advisor)

GT Motorsports

GT Motorsports is a student-run organization dedicated to the enrichment of our students' education by offering one of the best ways to apply what they learn in class. From engineering to marketing, computer programming to graphic design, GTMS has something to offer for every student. The team is entirely run by students from first year undergraduates to those pursuing postgraduate studies. Intellectual and tangible resources together with skills from various colleges are pooled to effectively manage the entire project. The team comprises different subgroups working and researching on different aspects of the car. Our team strives to emulate the practices of the best race teams from around the world in order to be a top Formula SAE competitor.

Prof Sulay Patel (Faculty advisor)

Email: info@gtmotorsports.in

Innovator Club

Innovator Club is an initiative taken by LDCE students at which ideas come into reality. This club was founded to ignite the innovation that lead the society to the next level of technology. This club provides a platform to the students to learn to represent themselves. It provide open platform to the students to design, develop and innovate, which helps them to build an interactive environment in campus with the co-ordination by the students. Our vision is to make ideas into a successful innovation.

Roshan Rawal (President)

Email: innovatorclubldce@gmail.com

Advanature

The Advanature Club is one of its kind, the only club in the college which promotes all adventure and nature related activities. Initially started with a small setup, the club is now one of the renowned ones of the college. The vision to start Advanature lies in the need to initiate discussions in a typical college campus regarding various environmental issues that we face. The aim of this club was to create leaders who can inspire a team of young, energetic students to showcase their creativity and employ it to spread awareness amongst the masses. Advanature, in its style of functioning, resembles an idea that sustains and transcends to generations with ever improving and expanding scope of events to keep on utilizing new platforms for spreading green ideas.

Abhishek Gami (President)

Kanika Gupta (Vice President)

National Cadet Corps -NCC

National Cadet Corps (NCC) (Since 1948), a major youth organization, is a vital link between defence & education, the main objective of it is to make responsible and disciplined citizens. The training span is three years and it includes non-routine activities such as firing, weapon training, trekking, paragliding, rock-climbing etc. On the successful completion of the training period a valuable "C" certificate is awarded to the Cadets. The cadets having "C" certificate with good grading have good opportunity to travel abroad and get easy terms to enter the Armed Forces & other Para Military Forces. The cadets of NCC Units had given prestigious "Guard of Honour" to the honourable Governor of Gujarat Shree Om Prakash Kohli in the 4th, 5th and 6th convocation function of GTU. The 1st and 2nd year students of L. D. COLLEGE OF ENGINEERING can take part in the selection procedure held in first week after new admission in the college. The selection procedure includes physical and written exam followed by Group Discussion and Personal Interview.

Capt. C. S. Sanghvi (Associate NCC Officer) Email: nccldce@gmail.com

National Service Scheme - NSS

The motto of National Service Scheme is- Not me but you. The main aim of N.S.S. is to orient youth to community service while they are studying in educational Institute. N.S.S. develops sense of social and civil responsibilities along with national integrity and social harmony. It also develops capacity to meet emergencies and natural disasters. Institute has N.S.S. unit with the strength of 100 volunteers. Institute was awarded as Best NSS Unit among all NSS units working since the inception of NSS at GTU level for last 2 years.

Prof. C. S. Sanghvi (Head)

IETE Student Forum

EC department has started IETE student's forum from 14/2/2017. About 65 students are enrolled for this forum. The IETE Mission is "Advancement of Electronics, Telecommunication, Information Technology & other related disciplines to contribute in Nation's Human Resource & Infrastructure Development through our Engineers." Since the development of a nation is measured by the development of the youths the ISF aims at empowering the youth through Technical Education and Skill Development.

Vedic Science Club

Vedic Science Club provides students a platform to lead life in a more disciplined way guided by the principles of timeless Vedic wisdom. By appreciating the perfection, simplicity and practicality of Vedic principles, our youngsters can mature into almost flawless human beings and thus achieve complete success in their endeavors of having an ethical, successful and fulfilling life. Many scholars and scientists like Aristotle, Einstein, and Newton etc. appreciated the ancient rich culture of INDIA. Vedic Science club helps the students to improve their self-esteem, confidence, concentration, regulation, time management and lots more by increasing their spiritual quotient.

Vedic Science Club organizes a series of workshops to address all four aspects of human personality – physical, mental, emotional and the most important; spiritual. Discourses on self-realization and cultural trips are organized.

Shyam Charan Dasa (Main Coordinator)

HEALTHY CAMPUS

Healthy Campus Club:

Healthy Campus is an initiative of Narcotics Control Bureau, Government of India. Healthy Campus has been set up recently in August 2015 to guide the students to safeguard their health. They are informed to healthy life and the nuisance of the drugs and unhealthy food i.e. junk food. The college is equipped with the facilities of the Gym, Table Tennis, Tennis Court, Badminton Court, Cricket Ground, etc. Institute was awarded as BEST HEALTHY CAMPUS among 150 schools and colleges in Gujarat. This is one year programme. Orientation and Selection Procedure held in first week after new admission in the college. The selection procedure includes physical and written exam followed by Group Discussion and Personal Interview.

Kaushal Kodiwad (President)

Email: healthycampusldce@gmail.com

Prof. Bhavesh Oza (Faculty Co-ordinator)

L. D. Alumni Association (LAA)

L.D. College Alumni Association (LAA) missions to foster and enhance the relationship between the college and its alumni as well as friends to support directly and indirectly, the education, research and other activities in the college. It was established in 1996 by a group of dedicated ex-students to create a platform for the students, teachers as well as the industry to unite and interact at the same platform. Major aims of LAA include:

1. Utilization of expertise and experience of its members for the benefit of the students.
2. Organizing a link between the industry and the college for actual field related projects and placements.
3. Counselling the students for their problems.
4. Career guidance.
5. Arranging lecturers by prominent technocrats in various engineering fields.
6. Arranging cultural programmes and reunion programmes like culfest, techfest etc.
7. LAA has started coaching LD students for UPSC and GPSC exams.
8. LAA is sponsoring Kaizen, final year projects of B.E. and M.E. students since last 4 years.

Contact No.: 9824503279

Say “NO” to “DRUGS”

HARMFUL EFFECTS OF DRUG ABUSE:

- Infection, Diseases & Impaired health
- HIV/AIDS
- Possible Death due to frustration or ill health.
- Corruption
- Money Laundering

SIGNS OF DRUG ABUSE:

- Sudden change of mood/ temper
- Lack of appetite
- Bouts of drowsiness or sleepiness
- Nausea or Body Pain
- Increasing demand of money/stealing

DRUGS AND THE LAWS:

- Possession of narcotic drug even in small quantity is offence.
- Cultivation of narcotic crops without permission is offence.
- To allow your premises to store, sell or consume illegal drugs is an offence.
- Illicit manufacture, sale, purchase and transportation of narcotic drugs is an offence.
- Death penalty can be imposed for repeat offenders.

WHAT STUDENTS SHOULD DO:

- Always resist peer pressure.
- Drugs are not cool, decide yourself.
- Girls should be careful while taking drinks, as they may contain “date rape drugs” like Rohypnol.
- Report drug abuse or trafficking to your school, college or police.

WHAT TEACHERS SHOULD DO:

- Check vendors and hawkers around campus.
- Sudden drop in performance should arouse suspicion.
- Random checks in hostel rooms.
- Dissemination of information on drugs.

- Kunj Patel received the "Indira Gandhi National Award" from Mr. Pranab Mukharjee, honourable President of India at Rashtrapati Bhavan, New Delhi for his outstanding contribution in National Service Scheme (NSS).

- A team of three students, Parekh Vishal, Dwivedi Nilesh, Shah Aagam from 8th Sem has been selected for ACM - ICPC - ALL over India coding contest held on 21-22 Dec 2016.

- Jay Parekh and Yugant Hadiyal, 6th semester students ranked first and fifth respectively in All India Dell Campassador Program and won Laptops and College of the Year for outstanding performance.

- Meet Jethva has published research paper entitled, "A Comparative Study on International Financial Standards (I.F.R.S.) & Indian Accounting Standards (I.A.S.)" in the 39th All India Accounting Conference and International Seminar on Accounting Education and Research, Bangalore, Karnataka. He also published research paper entitled, "Biomedical Robodoc" in the National Conference on Scientific Research and Development in Biomedical Engineering – SRDBME'17 on 24th March, 2017 at Alpha College of Engineering, Chennai.

- NSS unit of LDCE has initiated the construction of 597 toilets directly under the Swachha Bharat Mission – SBM & constructed 597 toilets worth INR 71.64 lacs. (A picture from the Video clip in Mann Ki Baat, in which Alfaz Mankad making toilet is shown.)

- ELIXIR FOUNDATION in association with AIESEC launched an international youth exchange program for the youth to exhibit their potentials at global platform. AAMIR MANSURI (5th Sem, IT) was selected as Youth delegate to represent India in Russia scheduled from January 24, 2017 to March 6, 2017.

- Nilesh Dwivedi & Vishal Parekh, final year students won the "Innovative Students' Co-Creation Awards for Leadership and Excellence (I-SCALE)" for their remarkable efforts towards a competitive coding portal "CodingHeaven".

ACHIEVEMENTS

• ROHAN SHAH, SHREY SHAILESH and VYOM VYAS secured first position and got prize of Rs. 75,000 at Indian Institute of Management, National Level Quiz Competition in Ahmedabad.

• JUMANA BOHRA qualified two prelims and represented L D College of Engineering in finals and became first runner up in INTELLECTUS, a national level event held at H L Institute of Commerce (HLIC) on 10-11 march 2017.

• VYOM VYAS, SHREY SHAILESH and ROHAN SHAH got an award at Kankaria Carnival on 30th December 2016 from Mayor of Ahmedabad city Mr Gautam Shah for their participation and winning Quiz Competition at various National and International level.

• SAURABH CHAVDA got an award from Mayor of Ahmedabad city Mr Gautam Shah for his start-up "My Tool Bag" at Kankaria Carnival on 30th December 2016.

• Barad Pushpajeet got 2nd prize in poster presentation on "Density & calorific value study for plam based biodiesel with petro diesel blends" in national symposium.

• Ms. Pratiksha Awasthi, Student of B.E. Sem. VIII Rubber Technology has written a book named "Life of A Fauji" Published by Educreation Publishers, Delhi on 30th December 2016.

L. D. College not only has excelled in the field of imparting quality education but also has proved to be a front runner in shaping up the society as a whole by providing its students an inspiring environment aimed towards general awareness in the society. The various activities going on in the college includes:

GTU Techfest

Central GTU Techfest 2015 funded by GTU itself and hosted by L.D. College of Engineering comprised of 50 plus competitive events consolidating every field of Engineering, management and pharmacy, etc and enhancing contemporary knowledge through quiz, workshop, symposiums and exhibitions which GTU Central Techfest exploration of all kinds of talent took place in LD.

Lakshya

With vivid fests' jubilations hovering around every college, Lakshya was unique in its kind as it encouraged knowledge with fun. It was an unprecedented fest which focused on enhancing technical skill development and bang-on entrepreneurship. With eminent speakers throwing light on the concerned subjects, it was a sure shot path towards absorbing the photons on the subjects. The Fest was a perfect concoction of technical and non-technical events ranging from RoboTrix to LogoTrix.

Xitij

Every year L.D. College of Engineering hosts the youth festival for GTU students i.e Xitij which comprises of the various competitions in the fields of Dance, Music, Drama, Literature, Art and Craft, etc.

Blood Donation

Blood donation camps are held in the college premises in coordination with the Indian Red Cross Society every year more than once and a number of students turn in for the noble cause . L D College of Engineering was awarded as Outstanding Blood Donor Organization for the highest number of blood donation amongst all institutes of GTU in a "Award Function for Co-curricular Activities" held in August 2012 and May 2014. Thalassemia test is carried out for all the first-year students compulsorily. Institute was also awarded for "Effective Implementation of Thalassemia Awareness & Testing Drives" in the same functions.

Kaizen

The institute started felicitating the Final Year students of B.E. & M.E. from 2015. In consultation with HODs, the institute took a step ahead and decided to have an Open House, where the Final year students of UG and PG were provided a platform to showcase their projects to fellow students, parents, industry people, experts etc. for inspiration and appreciation.

Every student admitted to the college shall have to give an undertaking at the time of joining that he/she shall abide by the college and hostel rules and agree to conform to the rules and regulations, and that he/she will do nothing either inside or outside the college that will interfere with its orderly governance and discipline.

- (1) Students will have to attend all theory and laboratory hours during working days from the first day of the academic semester or year. In case of unavoidable circumstances, prior permission of concerned H.O.D. is to be taken. For sickness, they will have to produce the medical certificate with an application from their parents or guardians. In such a case parents/guardians should inform the authorities immediately.
 - (2) During hours of class, the main lobby, all the corridors and the area surrounding the library are to be observed as silence zones. Students who cause any disturbance such as loud noises or vehicular horns, in these zones shall be liable to a fine at the discretion of the authorities.
 - (3) Student should strike a proper balance between extra curricular activities and academic requirements. Students participating in these activities will not be allowed to interfere in academic schedules and matters.
 - (4) Students should take pride in their own institute and cultivate a sense of belonging to the same. They should care for college property, building, equipments, laboratories, class rooms, workshops and drawing halls and refrain from any actions that would disfigure or damage them. Offenders shall be severely dealt with by the college authorities and compensation for the same will be charged as penalty.
 - (5) It is expected from individual students as well as student groups that they behave with responsibility and maintain good discipline on the campus.
 - (6) Students will not indulge in the activities and will not form a group causing any hindrance to the academic and administrative activities of the college. If he/she is found doing so he/she will be punished and disciplinary actions will be taken by the authorities.
 - (7) Students should place their legitimate grievances before the concerned authority- Heads of departments (H.O.D.s.) rector, counselors, Principal. On no account may student organize protest meetings or solicit signatures to petitions. This defames the prestige of institute itself.
 - (8) Students should not indulge in any activities that might harm or damage the academic standards and at no cost should the teacher-learner relationship be endangered. Students should pay due respect and honour to teachers.
 - (9) Students are cautioned against possession or consumption of narcotic drugs in and out of campus. Students found violating these instructions will be rusticated immediately without warning.
- Students who fail to obey the above rules and standards of the University/College authority will be penalized by the authorities to the extent of suspension or debarring him from further study.

The decision of the college authority shall be considered competent and final.
